

'Learners is an exciting opportunity for VCU (and its students) to give back to the community and help raise the next generation of students and purveyors of the natural environment,"

- Michael Rao  
President of

Virginia Commonwealth University

Learners  
Program

## OUR MISSION

Blue Sky is on a mission to provide transformational experiences for urban youth through outdoor education. The Blue Sky Learners Program gives high school students the chance to learn hands-on about the natural world around them with student mentors from Virginia Commonwealth University.

We aim to give every young person the opportunity to discover themselves by actively engaging the natural world.

## WHAT IS LEARNERS?

Learners is the newest Blue Sky Fund program that enables high schoolers to learn from VCU seniors studying science or agriculture.

## HOW DOES IT WORK?

Learners will meet every other Sunday throughout the school year for a total of 20 dates with different adventures, crafts and activities every day!

## WHAT WILL THEY DO?

*Activities to look forward to:*

- **Hiking along the North Bank Trail**
- **Exploring Oregon Hill Linear Park**
- **Cliff Climbing**
- **Starting a Garden**
- **And much more to come!**
